

Summer Assignment Showcase 2026

“Celebrating Creativity, Learning & Student Excellence”

About This Initiative

At Dominican Convent School, we believe that learning is a journey worth celebrating. The Summer Assignment Showcase 2026 is an opportunity to honour the creativity, effort, and imagination that our students invest in their work — and to share those meaningful moments with our wider school community.

Through our official YouTube Channel and Social Media Platforms, we warmly invite parents who wish to share their child’s learning journey to submit short videos and photographs of their child completing their summer assignment activities.

Participation in this initiative is entirely voluntary.

Parents who wish to showcase their child’s creativity and learning journey through the school’s official digital platforms are warmly welcome to share their submissions. There is no obligation to participate.

Suggested Video Guidelines

Videos beautifully capture your child’s creativity, confidence, communication skills, and learning journey. We highly encourage parents to submit a short video (20–60 seconds) along with photographs.

We encourage simple, natural recordings rather than professionally edited videos. Authentic moments of learning, creativity, and presentation are most meaningful.

- Record in Portrait (Vertical) mode.
- Encourage your child to confidently introduce themselves (Name, Class & Section) and briefly explain their activity in their own words.
- If possible, capture a few short clips while your child is working on the assignment — drawing, writing, building, researching, or decorating. These moments beautifully capture the learning journey.
- Show the completed assignment clearly.
- Use close-up, well-focused shots so every detail is clearly visible.
- Keep the camera steady, and record in a bright, well-lit area with a neat background.
- Ensure the audio is clear and easy to understand.

Suggested Photo Guidelines

Please share 2–5 high-quality photographs of the completed assignment.

- One photograph showing your child working on the activity.
- One full photograph of the completed assignment.
- Two or more close-up photographs highlighting creativity, neatness, and important details.
- Ensure every photograph is properly focused and clear.

Submission Details

When sharing your submission, please mention:

- Student’s Full Name
- Class & Section

Please share your videos and photographs directly to 03360629046, via WhatsApp.

Due to the number of submissions received, selected photographs and videos will be featured on the school’s official YouTube Channel and Social Media Platforms as part of the Summer Assignment Showcase 2026.

Featured Activities by Class

The following are suggested activities from each class that are particularly suitable for photographs and short videos.

KG Class	Class 1	Class 2
